3. You will receive a temporary reservation by email. You will receive a follow-up confirmation email within three business days. If you do not receive an email please contact the RFC office. You can also check the status of your reservation on the reservation scheduler.

4. Please bring your data for printing at the approved reservation time.

※ Due to various circumstances, your reservation request may not be approved. In such a case, RFC staff will contact you to reschedule.

※ Please contact the RFC office if you would like to use extramural funds.

Print data format

- 1) **PowerPoint data** → Bring both original PowerPoint and PDF files.
- 2) **Other data** → Bring PDF files.
- 3) **File size should be less than 10 Mb.**

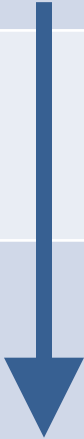

- **For beautiful poster finishing**

- Poster files should be prepared for printing in full size. If not possible, make it as close to full size as possible.
- Images should be prepared in their actual size. The recommended resolution is 150-350 dpi. Images tend to be blurred if the resolution is less than 150 dpi. If the resolution is higher than 350 dpi, the file size will increase and the printer may not operate properly.

- **For long items such as banners**

If PowerPoint parameters are exceeded, please contact RFC for specialized software.

Types and quality of printing paper

Price	Types	Quality
Low	Plain paper	This is sufficient unless you have a painting or photograph with delicate tones. Ink smudges when wet
	Synthetic matte paper	This is actually thin plastic, not paper. If you want your photo to look completely matte and beautiful, good to use.
	Photo paper (semi-gloss paper)	Recommended when photos and illustrations are important. Long-term display in a poor environment such as a humid or windy place may cause photos to peel off.
High	Soft cloth	Foldable because it is fabric. Especially handy when traveling abroad.

Print size and price

Price per sheet for each standard size (¥ / Sheet)

Size (mm)	Plain paper	Photo paper	Synthetic matt paper	Soft Cloth

If you do not have a UR-Core account or have not registered to use the printer

Not registered with UR-Core

Register with UR-Core and request the use of shared equipment
(This may take more than 2 weeks)

Registered with UR-Core, but cannot find the large printer on your calendar

Add the large printer using the form below (This may take up to 3 business days)
<https://forms.office.com/r/eMv9xSWa6Z>

forms

Other means

Ask UR-core users who have access to the large printer (your supervisor, budget manager, colleagues, etc.) to make the reservation and payment for you. *They will have to have the budget that can be used for the printing of your posters.

It is strictly forbidden to attempt to print without being able to pay the usage fee.

This allows more flexible operation for users who do not use other equipment. Please review the information below before making a reservation.
